

ON DEMAND

NICOLAS G MILLER
MARCH 2012

for Anteroom

PERFORMANCE INSTRUCTIONS:

Stage Left: Loudspeaker. One monitor speaker (preferably the kind where the speaker cone is exposed) should be placed on a white pedestal. All playback devices should be out of sight. SOUND-ONDEMAND.MP3 should be played loud enough to challenge the performers' voices.

Stage Center: Performers. During recitation, performers should repeatedly acknowledge the speaker and the projection.

Stage Right: Video projection. The audience should not have a direct view of the projection. It should be projected onto a side-wall such that the audience is at a glancing angle to the image.
